

# **JTVA Lecturer Visit**

JAI JINENDRA! It is our extreme pleasure to invite different dignitaries and lecturer all over the world to learn Jain Principle. Based on over past experience, many dignitaries are visiting to our temple and asking to visit same time especially during summer time May to September. We have observed in past sometimes less active participations to attend such type of programs from our members due to mainly young members having busy life with kids. We are requesting the interested members to look into the following steps:

1. We prefer to contact first by sending email to [contact@jaintempleva.org](mailto:contact@jaintempleva.org) Please include information regarding name of dignitaries visiting , probable date of visit, number of members attending approximately, Time approximately, Contact information of at least three members arranging the visit ( Name, email and phone numbers ). Once we received information, we will send you date and time of visit.
2. We prefer to send all this information latest by April15<sup>th</sup> of each year if you want us to send email to sangh and include in Derasar programs. If you want to invite afterwards, we will accommodate your request if you will send it before one month based on our temple program schedule. No lecture will be arranged at temple with less than one month of notice or written approval.
3. We prefer to have dignitaries lecture at temple mainly on Friday, Saturday or Sunday between 7.00 p.m. to 9.00 p.m. for active attendance. We are requesting members to have at least twenty members attendance if you are arranging it to welcome and learnt more from dignitaries.
4. We prefer all dignitaries lecture will be in front part of Derasar to have Rang Mandap available for any members visiting to the temple and to avoid Astana. If you have more members attending, we will jointly decide different options.
5. JTVA will not pay any expenses of lecturer including tickets, stay etc. Requesting members needs to make all arrangements for their visit.
6. Based on our past experience, please try to avoid any change in programs last moments and also try to reach on time once it is finalized as we have very limited volunteers available.

THANK YOU AND LOOKING FORWARD TO SEE YOU.
